Bicycle Contract 2020-21

Name	Year	Form
------	------	------

Before a bicycle can be ridden to the academy, all parties must agree to the following:

- Any bicycle ridden to the academy must be road worthy, e.g. be in good working condition e.g. brakes, tyres, lights, seat etc.
- A helmet must be worn whilst riding the bike to and from the academy. The helmet is the child's responsibility and if left on the bike, it must be padlocked to it.
- All bicycles must be put in the bike shed and padlocked.
- Bicycles must be dismounted at the school gates and walked down the drive. On the way out of the academy, the bike must be walked to the main gates before being mounted.
- The child's helmet must be worn until the bike is put in the bike shed and put on before removing the bike from the bike shed.
- Once outside the academy, the bicycle must be ridden on the road and not the pavement.
- A bicycle must, at all times, be ridden carefully and with respect for pedestrians whether members of Granville or the local community.
- Allowing others to ride the bicycle on or around the academy premises is strictly prohibited. The bike is the owner's responsibility.

I agree to follow the above contract each time I ride my bicycle to and from the academy. I understand this contract can be revoked at any time, by the Principal or Vice Principal, should the conditions not be kept.

Signed; Student Date;

I agree to the above conditions for my child to ride a bicycle to and from the academy.

Signed; Parent/Carer Date;

I agree to this child riding a bicycle to and from the academy within the above conditions.

Signed; Principal Date;
